

Covid Guidelines for Classrooms

To help keep our kids safe and healthy while at CEC, please ensure the following tasks are taken care of for your classrooms:

1. Wipe down the tables and chairs before and after class.
2. Check the kids temperature before having them enter the classroom.
3. Have parents drop off the kids and say bye at the door. We won't have them come into the classroom to minimize risk of exposures.
4. Give kids some hand sanitizer as soon as they enter the classroom.
5. Sanitize toys after they are used. Nursery, preschool, and toddler classrooms will each have an "unsanitized" container for all used toys to be tossed into. These toys should be sanitized before placing them back into their original place.
6. Encourage your kids to maintain the rule of social distancing. They will need to keep 3-6 feet apart from each other.
7. Remind your kids to clean their hands frequently. This is an important way to reduce the spread of Covid-19. Each classroom will also be provided with antibacterial hand wipes. Please, have the kids clean their hands with these wipes. Please, DO NOT use Clorox wipes on their hands; those are meant for surfaces and not skin.
8. During this time, we ask that you do not give out snacks/treats to our kids. Until things have settled down, we will not have the kids eat inside our classrooms.
